To whom it may concern, past, present, or future;

I'm not going to include here every damn thing I've done in high school, and I'm not going to write a novel rivalling Tolstoi's *War and Peace*. I am also not going to jot down experiences, having no foresight of their ramifications, i.e. "1-27-86, Drinkin' Bacardi on the beach with Jone; 4-6-87, Gettin' some in Dennis" etc. It just doesn't do a heck of a lot for posterity.

I will thank a few people though in my high school career.
